About IQCS

Policy :

- **Deliver Skill Based Services**
- **Be Our Customers' Partner of Choice**

Dear Valued Customer,

IQCS Certification, the training & education arms of IQC Group, is set up in SINGAPORE in 1994 to meet the increasing demand for Quality Services in the world market. To achieve this mission, the international network comprise professionals from leading consulting and training firms, certification and government bodies in various disciplines from all over the world to support the various needs of different industries and customers.

IQCS Certification is approved by IRCA (International Register of Certificated Auditor, UK) and IQA (Institute Of Quality Assurance, UK) as their Licensed Training Organization (License No. A09422) and Education Center (Approval No. 46697) for provision of IRCA professional auditor training and IQA education programs respectively in the international market.

IQCS provides a wide range of IRCA Registered ISO Auditor training, ISO series of training, Management Courses & all other related Quality Assurance/Engineering Training services. To deliver "Total Business Solution" service to our valued customers, the assessment arm of IQCS Certification provides 3rd Party Assessment and ISO Certification Services. IQCS Certification also distributes a wide range of Quality Assurance & Quality Engineering software & hardware and supports related training to the world market through its international strategic affiliates.

IQCS Certification has an international network of 28 licensed strategic affiliates in different parts of the world to provide training, education, assessment, software and hardware support & all other related services in the international market.

IQCS Certification and its international network have established strong credentials in the world market.
